

BALDWIN RULE WINS OKAY OF BRITISH VOTERS

National Government Retains Majority in Commons but McDonald Loses His Seat.

LEAD ESTIMATED AT 200

Labor Wins 41 New Places; Anthony Eden and Sir John Simon Both Re-elected.

By FRANK H. KING Associated Press Foreign Staff LONDON, Nov. 15.—Returns from yesterday's general elections showed the National government retained its majority in the house of commons today, although Ramsay MacDonald, lord president of the council and first leader of the National government, went down to defeat.

The voters had returned 356 National government members to the commons on reports at 3 p. m. and that number constituted the majority in the total of 615 seats.

Majority's Size Unknown Yet How great the majority might actually be was not known by these returns, although some estimates were that the government might have as much as 200 more seats than the opposition. The last majority for the National government was 412 seats.

Defeated with his father was Malcolm MacDonald, colonial secretary.

Anthony Eden, minister for League of Nations affairs, was re-elected by the huge majority of 24,516. Sir John Simon, home secretary, squeaked back into his seat by a majority of 842 votes.

The Astor clan, headed by Lady Astor, the Virginia-born peeress, had at least three successes out of its six candidates. Lady Astor was re-elected, but her son, W. W. Astor took the seat of Portlithney from the Labor party member, Lord Willoughby de Broke.

Lord Willoughby de Broke, Lady Astor's son-in-law, won in Rutland and Stamford.

Labor party candidates gained 41 seats.

Comparative strength in the complete results: Government 191, including Conservative 170, Liberal National 15, National Labor 3, and Independent Conservative 10; opposition 204, including Labor 70, Liberal 5, and Independent 13.

The popular vote in these districts was: Government 4,444,807; opposition 4,132,900.

Labor increased its holdings not only in the number of house of commons seats, but also by the election of its party leaders swept out of office in the Conservative landslide four years ago.

Prime Minister Baldwin was re-elected without opposition. Among the new winners was Foreign Secretary Sir Samuel Hoare, who has led the empire in its efforts to choke off the Italo-Ethiopian war.

C. R. Atter, labor chief since George Lansbury stepped down, was returned, as was Sir Stafford Cripps, strong Laborite.

HIS POLICY UPHELD

Conservative Prime Minister Stanley Baldwin won a decisive victory on the issue of his foreign policy in parliamentary elections in Great Britain yesterday when his party scored a distinctive majority. Labor, however, succeeded in gaining 41 seats.

Good Crowd Assured Tomorrow Despite Counter Attractions.

With the deadline on the student sale of tickets for the Marion-Bucyrus football game Saturday, set for late today, reports from officials in charge early this morning indicated that the success of the venture was virtually assured.

"Taking into account the fact that the opening of hunting season today and the Ohio State-Illinois game Saturday will draw heavily from the ranks of our followers, we feel that reports received this morning are very favorable," H. K. Marshall, principal of Harding High school, said this morning.

Students of the high school began their final drive with a big pep meeting and assembly when school opened this morning. Talks by officers of the classes and faculty members featured the rally and reports on the sale of tickets were given.

Pupils in Contest

The total enrollment of Harding High, 300 pupils, has been engaged in a contest on the ticket sale drive. Divided into 25 groups according to home rooms, they have been directed in the work by faculty members. The goal of the individual team, set at 100 per cent, is equal to one ticket sold for each student in the home room.

At the report session today team number 14, under the direction of Miss Lucile Foreman, was leading with a standing of 45 per cent. In close second position was Miss Edith Brown's number 14 team, with a 44 per cent record. The remaining 23 teams were closely bunched on the heels of the leaders. Proceeds from the game will be used to buy Harding band uniforms.

Completed plans for activities Saturday were made public by officials in charge. At 1:30 p. m. the Harding High band is to meet at the Central school building and begin its march to the new stadium. The band will halt at the corner of Main and Center streets to play several concert selections before continuing on to the field.

TWO INJURED IN AUTO CRASH

Mr. and Mrs. George Dunlap, Former Marion Residents, in Mishap Near Here.

RETURNING FOR VISIT

Delaware County Man, Driver of Other Car, Slightly Hurt.

Two former Marion residents, Mr. and Mrs. George Dunlap of Plain City, O., returning here to visit their children, were severely injured at 6 p. m. yesterday when their automobile, figured in a collision with another car driven by John W. Hudson of near Delaware, on route No. 22 two and one-half miles south of Marion.

Mrs. Dunlap suffered a fractured right leg and a deep cut over the right eye and her husband suffered a fractured right arm and a deep cut over the left arm.

Mr. and Mrs. Dunlap are the parents of Russell Dunlap, Jr., 23, Homer street, a teacher in Harding High school, and Mrs. Max Yarrington of 713 East Church street, a former teacher in the city schools. The Dunlaps formerly lived on Girard avenue. They moved to Plain City in June, 1934, after six years' residence here.

Mrs. Dunlap's leg was broken close to the hip and she was placed in a body cast at the city hospital last night. Her condition was reported today as fair. Mr. Dunlap's wrist was placed in a splint and he was released from the hospital. He is at his daughter's home. Both injured persons were taken to the hospital in a W. C. Boyd ambulance.

The accident occurred about 6 p. m. The Delaware car was traveling south and the Dunlap machine north. The impact of the crash sent the Hudson car into the ditch, turning it completely around. A trailer load of apples the Hudson machine was pulling was overturned and the apples spilled into the ditch and adjacent field. Both automobiles were badly damaged. Sheriff Fred F. Miller, who with State Highway Patrolman Ray Stewart investigated the accident, said:

"If it cannot be made to appear that a law is in conflict with the Constitution by argument deduced from the language of the law itself, or from matters of which the court can take judicial notice, then the act must stand."

Administration spokesmen expressed gratification because Judge Hamilton, in the first judicial pronouncement on the new state's substitute for the NIRA, proclaimed so broad a doctrine of federal power. The Louisville Jurist declared that "the people of the United States intended to surrender all the rights they had to promote the general welfare that could not be done by the states acting independently."

BOMBARDMENT ON GAME STARTS AT NOON TODAY

Noon, Finds Hundreds Out in County; Estimate Half Million Buy License in State.

The opening of the 1935 hunting season today sent hundreds of sportsmen of all ages into the fields and woods of Marion county with their shooting irons.

Contrary to his practice of other years the huntman was not up at the crack of dawn today. The rising sun found him still warmly snuggled in his cradle and dreaming of the conservation department's order opening the rabbit, pheasant, fox and opossum season at noon instead of the traditional 7 a. m.

With the army taking the field, doctors prepared for the fall run of hunting casualties. The conservation department designed the noon start to cut down early morning accidents, but Saturday

COAL ACT HELD VALID; HEADED FOR HIGH COURT

Federal Judge at Louisville Rules Guffey Law Constitutional at Every Point.

SAYS IT'S FOR PUBLIC GOOD

Exempts Companies Who Fought Measure from Penalty Tax of 13 1/2 Per Cent.

By The Associated Press LOUISVILLE, Ky., Nov. 15.—A federal district court opinion holding congress has the power to decide conclusively what industries affect interstate commerce and to regulate those industries under the "general welfare" authorization of the Constitution today was headed toward final determination by the supreme court.

Federal Judge Elwood Hamilton, holding the Guffey coal act valid and constitutional at every point of attack, upheld the declaration of congress that control of the bituminous coal industry under the "little NIRA" set up by the measure was for the public good.

Exempt from Penalty Tax Judge Hamilton, in his declaration filed last night, also stipulated that coal companies who have attacked the Guffey act in his court, may be exempt from the penalty tax of 13 1/2 per cent provided for non-compliance pending final determination of the case by the supreme court.

All coal companies, under provisions of the act, pay 1 1/2 per cent production tax for administration for non-compliance, coal producers are assessed an additional 13 1/2 per cent, or 15 per cent total. Judge Hamilton ordered all companies to pay only the 1 1/2 per cent tax pending decisions of the circuit court of appeals and the supreme court.

Former Federal Judge Charles J. Dawson, chief counsel for the coal companies opposing the Guffey bill's regulations, announced an immediate appeal would be taken. Judge Hamilton was appointed by President Roosevelt to succeed Dawson, who resigned last summer to reenter private practice.

Don't Delegate Powers Judge Hamilton held that the administrative provisions of the act did not delegate legislative power, that congress could lay down the policy and the president could execute it. He said that congress properly could outlaw price cutting below the cost of production, and could make reasonable regulations or laws relating to wages, production and marketing. Declaring a liberal concept of the powers of congress, Judge Hamilton swept aside a mass of evidence when he said:

"The congress has already investigated the facts as to how the coal industry is operated. It is in the public interest that the coal industry be operated in a manner that will be in the public interest. It is in the public interest that the coal industry be operated in a manner that will be in the public interest."

FILIPINOS GET LIBERTY TODAY

Commonwealth Inaugurated and Quezon Sworn In as Its President.

NO RIOTS WITNESSED

Both Defeated Candidates Absent from Rites; Garner and Party Attend.

(Picture on Page 13)

By The Associated Press MANILA, P. I., Nov. 15.—Filipinos took over government of their own islands today, while 250,000 people celebrated the return of home rule.

Rumors of extremist uprisings failed to materialize as the crowd, said by officials to be the largest in insular history, gathered in a huge square facing the legislature building to watch inauguration of the Philippine commonwealth and elevation of Manuel Quezon to its presidency.

Both defeated candidates for the presidency—Gen. Emilio Aguinaldo and Bishop Gregorio Aglipay—recently remained away from the ceremonies. Veterans of the revolt against Spain, which Aguinaldo led, also refrained from marching in the parade.

Uphold U. S. Authority Quezon, who accepted the presidency with a promise to govern conservatively and to avoid violent changes in the established order as his first official act, ordered all Philippine officials to "swear to accept the supreme authority of the United States in these islands and to maintain true faith and allegiance thereto."

He took command of insular forces, such as the constabulary, and summoned the new unicameral national assembly to convene Nov. 22.

The final official act of the day—and to Filipinos one of the most symbolic of all—was the signing of the "day after" presidential inauguration. Malacanang palace as his first official act.

Gov. Gen. Frank Murphy, who yesterday was sworn in as high commissioner to the commonwealth, turned the 300-year-old palace over to Quezon, but will remain there as a guest along with Vice President John Nance Garner until Garner's departure for the United States, Nov. 20.

Americans Attend The inaugural ceremonies were witnessed by a large group of American guests, including Speaker of the House Joseph Byrne and a congressional delegation brought here at the expense of the new government.

Secretary of War George Dern read President Roosevelt's official proclamation for establishment of the transitional commonwealth, which is designed to lead to complete autonomy in a decade.

Business Activity SHOWS NORMAL GAIN

Ayres Predicts Corporation Earnings and Dividends Will Top 1934 Figures.

By The Associated Press CLEVELAND, Nov. 15.—Business activity has shown a normal seasonal increase this fall, for the first time in six years, "and even something more than a normal seasonal increase," said Col. Leonard P. Ayres today in the monthly review of the Cleveland Trust Co.

He predicted corporation earnings and dividends taken as a whole would be "distinctly larger" in 1935 than in 1934 or 1933 and almost surely greater in 1936 than in 1935.

"None of the previous periods of improvement," he characterized this one, "is so well characterized by the business upturn has been marked by 'growing confidence' whereas other improvement periods brought only provisional optimism."

"Probably the chief reason for this change," continued the report, "is that business improvement this autumn is well distributed over many parts of our economic life. Crops are better, retail trade has improved; there is more construction; industrial output is advancing; and there is an encouraging increase in the volume of railroad freight loadings."

The greatest problem is still unemployment," said Col. Ayres, adding that the "chief direct and indirect causes for this condition are all the relative stagnation of our heavy industries and of construction."

PLAN TO SEPARATE

Mr. and Mrs. Clark Gable

Gable and Wife Decide to Part in Friendly Way

Film Star's Mate, 11 Years His Senior, Says It's Just Case of Temperament.

By The Associated Press HOLLYWOOD, Calif., Nov. 15.—Clark Gable, ranking lover of the screen, and his second wife acknowledged an "amicable separation" today, but Mrs. Gable said there would be no immediate divorce.

"I am a case of temperament," explained Mrs. Gable, 31 years the romantic film hero's senior.

"We are still good friends," said Gable in New York. "Mrs. Gable and I have separated and a property settlement has been reached. We will be back together before I leave for South America."

Mrs. Gable, at their exclusive Brentwood home here, said there would be no immediate divorce, that no "other woman" was involved, and that Gable's recent South American jaunt was not a factor.

"Clark has been working very hard within recent months, and has been very temperamental," explained Mrs. Gable, "little differences, ordinarily of minor importance, arose between us which, under stress, assumed grave proportions."

"I feel very badly about it. We both feel, however, that it will be better to be separated for awhile. Under their property settlement, she said she will remain in the home, while Gable will live at a Beverly Hills hotel.

The Gables were married June 19, 1923, at Santa Ana, Calif., when the broad-shouldered film extra from Cade, O., was on the threshold of success after years spent in theatrical odd-jobs. The marriage application gave his age as 20, and his bride as 41.

As he rocketed to fame on the silver screen, Mrs. Gable remained in the background, appearing with him only infrequently at film social events. Vacations from the studio were spent by Gable usually in hunting and fishing with men friends.

To Mrs. Gable No. 1, Josephine Dillon Gable, Hollywood dramatic coach, from whom he was divorced in 1921 after two years of marriage, the actor's new marital difficulties appeared as no surprise.

"At the time of our divorce he frankly told me he wanted to marry the present Mrs. Gable, because she could do more for him financially," she recalled.

"He has an overwhelming ambition to which everything else must be sacrificed."

DECEMBER HEARING ON TVA REQUESTED

Government Asks Supreme Court to Take Power Project Next Month.

By The Associated Press WASHINGTON, Nov. 15.—In an effort to speed final decision, the government asked the supreme court to hear arguments Dec. 19 on constitutionality of the Tennessee valley authority act.

Stanley Reed, solicitor general, also asked permission to delay until next Friday the federal reply to a suit by eight southern rice millers attacking the TVA. The millers sought a temporary injunction against paying processing taxes.

The court probably will make its decision on the motion next Monday.

If the TVA request is granted, three new deal cases will be argued in December.

Defenders of Ethiopia's Second Largest Town Reported Fleeing in Disorder After Battle.

Forces from North and South Moving Toward Point to Cut Off Life Line to Outside World.

By MURPHY CASSIDY Associated Press Foreign Staff

Italian correspondents in Ethiopia reported today the capture of the strategic city of Harar was imminent.

Dispatches to Rome said the Italian Col. Mattei, leading a force of native soldiers, had advanced in the valley of the Fafan river to a position only about 28 miles "from his immediate objective."

Defenders of the Harar region were reported retreating in disorder after a pitched battle yesterday.

North of Harar

Harar, the second largest city in Ethiopia—Addis Ababa being larger—is just south of the important railroad connecting Addis Ababa and Djibouti, French Somaliland. Italian forces in both north and south are reported heading for this railroad.

Rhitherto's primitive campaign of guerrilla warfare, first phase of the defense, developed into a conventional battle with 15 men being killed on both sides after a bitter skirmish on the northern front.

A phalanx of native warriors, equipped in the highest modern Italian style, ambushed the left column of the Italian force, which was advancing with 15 men being killed on both sides after a bitter skirmish on the northern front.

Only then was the Italian column able to occupy the immediate objective of the main Italian force, at the objective of Addis Ababa, the main objective of the Italian force, which was advancing with 15 men being killed on both sides after a bitter skirmish on the northern front.

An official Italian communiqué announcing the conflict, said 50 Ethiopians were killed and some 100 wounded. 20 Italian Akari killed and 50 wounded.

ICKES ACTS TO AVOID PWA BID COLLUSION

Wants Government Inquiry After Banning "Dumping" of Foreign Materials.

By The Associated Press WASHINGTON, Nov. 15.—Clamping a ban on "dumping" of foreign building materials into public works projects, Secretary Ickes also pushed today for government investigations to determine if American bids on any such projects were "collusive."

He promised to hold up all foreign bids in the future to determine whether they were made possible by government subsidies abroad or whether the American bids were collusive or "unreasonably high."

The commerce secretary made his promise in a letter to William Green, president of the American Federation of Labor, adding, however, that he would not interfere with the awarding of contracts for German steel on a New York City and a Morehead City, N. C., project.

These two projects aroused a flurry of criticism when it became known that German firms, underbidding American steel companies, had been or were about to be awarded contracts.

OHIO GIRL TO SING OPERA IN CHICAGO

Signs Contract with Impresario for Rigoletto, Lucia and Barber of Seville.

My International News Service SPRINGFIELD, O.—Hailed as a potential American Melba, Miss Catherine Guthrie, 20-year-old daughter of a local business man, will make her operatic debut next summer, singing the leading feminine roles in three operas on the Chicago Municipal park program. She recently signed a contract with Paul Longone, Chicago impresario, to appear in Rigoletto, Lucia and Barber of Seville. These will be her first public appearances in opera.

A coloratura soprano, Miss Guthrie is said to be the youngest singer to earn a major opera contract since the sensational but ephemeral rise of Kansas City's Marian Talley. Her mother, now dead, taught her the fundamentals of music. At Wittenberg college here Catherine pursued the study of dramatic singing and upon graduating last September, went to Chicago to enter the American Conservatory of Music.

Later she studied under the tutelage of Mario Hubini, former coach of the Chicago Civic Opera Company. She is said to have a voice range approaching that of the famed French singer, Lily Pons.

JUDGING BY the lunar aspects to several of the major planets, this may prove to be a day of conflicting or contradictory situations and conditions. While there is excellent promise of fulfilled ambitions, with high hopes and wishes of a financial, social and aspirational nature, yet there is also augury of confusion, disintegration, strange motion, and possibly fraud or misrepresentation through writings or documents. Be wary with strangers and untied propositions.

Those whose birthday it is are on the threshold of a lively and adventurous year, with much occurring to advance the ambitions and aspirations, both financially

Special Demonstration of NU-BACK Foundation Garments

By MRS. LOUISE O'HARA
EXPERT NU-BACK CORSETIERE

- simply cannot "ride up"
- does away with crowding of the upper part of the body
- flattens the diaphragm and abdomen
- keeps shoulder straps on the shoulders
- controls back and thigh—confines spreading hips
- prevents hosiery run

The smart way to wear a corset is to appear not to wear one. The fringing, "riding" foundation is out-of-place in more ways than one.

Nu-Back, once and for all, eliminates the "ride". You move freely, no matter how vigorously. Nu-Back stays firmly in place and refuses to budge the merest fraction of an inch.

A five-minute trial of Nu-Back in our fitting rooms will quite astonish you with what you've missed. Come in today.

PRaise RUNS HIGH FOR "BLOSSOM TIME"

Critics Laud Musical Show To Be at Palace Next Tuesday.

Critics wherever the "Blossom Time" company now on tour has appeared, have given the stamp of their approval and some of them have been unusually warm in their reception. A Philadelphia reviewer wrote of the opera, which will be at the Palace theater next Tuesday night for one performance only:

"In addition to seeing another group of players justifying the reason for receiving a weekly pay check, I was able to land, with true fisherman's pride, as a salubrious discovery as has come into casting distance on the lyrical stage in a few blue moons."

"She is Helen Arnold, the prima donna of the current 'Blossom Time' revival."

"She has a voice that extracts every drop of the melodious and emotional juice from the memorable compositions."

"And in addition to that, she is picturesquely a distinct asset to the proceedings, both in face and figure, and as though that were not enough, she is so enthusiastic about the whole business that one gets the impression that she is about to burst."

"George Traber and J. Charles Gilbert who does the Schubert part with feeling and conviction, both are equipped with pleasing voices that meet all requirements of the score."

"A Toronto, Canada, critic wrote: 'It's 'Blossom Time' in November again at the Royal this week, with as good a performance of the old Schubert classic as we had 12 years ago—in some respects better. This 'Schubert-music' romance is worth at least 10 'Rose Marie's'."

"Gilbert's interpretation of Schubert is a classic of sentiment, sincerity, atmosphere. He acts the role as admirably as he sings it, and his high-baritone voice is better than ever."

"Sentiment, laugh scenes and the old Viennese atmosphere of fine manners keep the stage alive with richening variety. The chorus sings well. The dances are good."

LARUE P. T. A. PLANS MUSICAL "CLINICS"

Prof. Eugene Weigel of O. S. U. To Visit Schools.

Special to The Star

LARUE, Nov. 12.—The Parent-Teachers association voted Monday to join the other associations of the county in bringing Prof. Eugene Weigel of Ohio State university here for a series of "musical clinics" during the winter months.

Plans were made for a benefit Christmas party food market to be held Nov. 27. The annual Christmas party for the children, sponsored by the P. T. A., will be given Dec. 12.

Miss Dorothy Castellan directed singing with Miss Madge Cooper at the piano. Rev. George Herd conducted devotionals. D. D. Clifton played a group of violin solos after which J. W. Branson read the poem "In Flanders Field." A playlet entitled "Company Cake" was given by the following American Legion auxiliary ladies: Mrs. Bertha Williams, Mrs. Opal Handenfield, Mrs. George Oberdier, Mrs. Aviee Barth, Mrs. Minnie Dunkin and Mrs. Blanche Lamb.

Mrs. Theodore McElhany Jr. was hostess to the Twentieth Century club at her home Thursday afternoon. An Armistice day program was given as follows: Patriotic Sayings, club poem, "I Have a Rendezvous with Death," Mrs. John Olsen, paper, "Patriotism," Mrs. E. J. Hafer, "A Recent Visit to Washington, D. C.," by Mrs. M. C. Clements. Mrs. E. E. Blaser assisted the hostess in serving refreshments. Mrs. Theodore McElhany Sr. was a guest. Mrs. Fred Cooper will entertain Nov. 18.

Civic Committees Organized
To Promote Erection of
Building with U. S. Aid.

Special to The Star
KENTON, Nov. 15.—Civic committees were being organized here today to call a mass meeting of interested citizens in advancement of plans for a new Kenton high school building.

Allan D. Ochs, county relief director, started agitation for PWA aid in erection of a new high school at a dinner meeting of business men. He said the government would grant 45 per cent of the estimated cost and loan the remaining 55 per cent at 4 per cent interest for 20 years.

Tentative plans for a new building, declared to be a real need in the community, call for shop, class and assembly rooms, laboratories, a large gymnasium capable of seating 1,800 persons if desired and an auditorium with a capacity of 1,200. It was believed such a structure would cost approximately \$300,000.

KENTON, Nov. 15.—Advice of the Ohio attorney general's office and of officials at the Ohio relief commission headquarters was sought Thursday by the Harrison county board of commissioners as plans were laid for assumption of the direct relief load here after Dec. 1.

MARION GEOLOGIST DIES IN MICHIGAN

Noble L. Wood Passes Away in Hospital at Ann Arbor.

Noble L. Wood, 64, geologist and president of the Wood Oil & Gas Co. of Marion, died of cerebral hemorrhage yesterday noon in St. Joseph's hospital at Ann Arbor, Mich., according to word received here yesterday afternoon.

Mr. Wood, who formerly lived at 488 Summit street, had in recent months made his home with his son-in-law and daughter, Mr. and Mrs. Harry Fisherman Jr., of 533 Delaware avenue. Several weeks ago he suffered from a stroke in an automobile accident north of Upper Sandusky, and last Sunday his condition became such that it was necessary to remove him to the hospital for treatment.

For the last seven or eight years Mr. Wood had been interested in the oil developments in the vicinity of Upper Sandusky. He lived in Marion several times and before returning the last time, about 1927, he was employed to make geological surveys all over the country for large oil companies. Mr. Wood was a native of Philadelphia in Union county. His widow is the former Miss Alice Newhouse, daughter of the late Dr. and Mrs. M. B. Newhouse of Marion. The widow, daughter, and a sister, Mrs. Frank Hazlett of Mechanicsburg, survive.

Arrangements for the funeral were not received here but word came that the body would arrive in Marion about 4:45 p. m. today.

BOMBARDMENT ON GAME STARTS TODAY

(Continued from Page One)

School boys hearing excuses from their parents were released from classes, while in other schools officials said they will be inclined to treat leniently cases of absence. In the county school system the permission for pupils to hunt instead of study was left to the superintendents of the various schools.

Special hunting excuses were issued today to pupils of Willis High school in Delaware, who wished to join in the first day's shooting. School officials said they started the practice of giving pupils permission to be absent from classes two years ago in preference to having them "cut" classes. A check-up yesterday noon of those and business places selling hunting licenses revealed the sale of permits slightly under the 1934 total, but a similar check at noon today showed that dealers in the last 24 hours have sent the current figure well above that of a year ago. O. H. Neimayer, deputy state game protector in this district, said he expected more hunters in the fields this year because of a substantial increase in the amount of game available.

More Licenses Sold
Clerk of Courts Everett B. Grigsby reported today 40 more licenses added to the total of 110 sold in his office by yesterday noon, while B. F. Waples, Marion township clerk, reported a more than 100 increase in the number of licenses sold in his district yesterday. From the check-up the Bank restaurant at 659 West Center street, apparently continued to lead other license dealers with a total of 380 permits issued. Hardware stores and other business places selling sporting goods reported sales of equipment have increased over last year.

The rabbit season this year extends to Jan. 3, while pheasants and Hungarian partridges may be hunted for 10 days only. County clerks in the state estimated the hunters would be joined by about 400,000 of his ilk in the opening days. The Associated Press reported that is, the clerk said about 500,000 licenses have been issued.

Ohio meat dealers learned with interest of a ruling by Common Pleas Judge Frank Slabaugh of Licking county, that the game law prohibiting possession of more than five rabbits applies only to hunters. Assistant Attorney General C. G. L. Yearick, representing the conservation department, intimated he would appeal for a change in the ruling. C. C. Hartzel, a Newark meat dealer, obtained the judge's opinion in a suit for a declaratory judgment clarifying the law. He contended that dealers could not maintain an adequate stock of rabbits for trade if the law included them. Judge Slabaugh held that a dealer would be liable only if found in the field with more than five cottontails.

CINCINNATI FACES CITY SALARY FIGHT

CINCINNATI, Nov. 15—Signs of an impending fight in council over salary paid C. A. Dykstra, for six years Cincinnati's manager, and extending possibly to other officials, were apparent today, as were evidence that the lone independent member planned to extend his newly-found political power to other fields, particularly state pensions.

Close on the heels of announcement by Nicholas Klein, new Republican member, that he would introduce an ordinance to slash Dykstra's salary from \$25,000 to \$10,000 annually, Vice Mayor Edward B. Imbus declared "such a reduction might cause an exodus of charter officials."

This was a case reduction of 2,700.

AVIATRIX RESCUED AFTER LANDING SHIP

Woman Who Flew South Atlantic Alone Forced Down in Brazil Swamp.

RIO DE JANEIRO, Nov. 15—Jean Ballen, forced down at Praia Seca, Brazil, while on a flight to Rio de Janeiro, reached this city this morning in a Brazilian army plane, leaving in her own damaged ship in a salt swamp.

The New Zealand flier, first woman to fly alone over the South Atlantic, had landed at Praia Seca, about 63 miles north of Rio de Janeiro, because of lack of fuel. Three army planes had searched for her after she was hours overdue following her departure from Natal early yesterday on the last leg of an England-to-Brazil flight. The National Telegraph received a laconic message signed "Batten" at 7 a. m. saying she had been forced down—the first word that she was safe.

It was learned here the propeller of her plane was twisted and she landed in the swamp about four miles south of the town of Aracama.

Three army planes directed by Col. Newton Braga took off immediately and picked up the woman flier.

JURY RETURNS EQUAL VERDICTS IN ACTION

Plaintiff and Defendant Both Awarded Like Amounts in Court Here.

A petit jury yesterday returned equal verdicts for both parties in the suit of the Hampton Investment Co. of Columbus against Francis P. Dwyer, Marion real estate dealer.

The jury awarded a judgment of \$999.85 to the Hampton company and a judgment for a like amount to Dwyer. The Hampton company had sued Dwyer for \$500 rent allegedly collected for the company by Dwyer at the Lido apartments when Dwyer and a partner, Owen Kirtis, managed the property in 1931.

Dwyer had cross-petitioned, seeking \$3,600 allegedly due him and his partner from the Columbus Building & Loan Co. of Columbus, in commission for selling the apartment building. The Hampton and Columbus are said by attorneys for Dwyer to be interlocking firms. Dwyer contended he had no dealings in regard to the apartment with the Hampton company, but only with E. D. Matthews, former vice president of the Columbus Building & Loan, who testified at the trial for the plaintiff.

Dwyer was represented at the trial by the law firm of Guthrie, Strelitz & Guthrie, and the Hampton company was represented by Columbus attorneys.

FALL OF HARAR NEAR AS ARMY APPROACHES

(Continued from Page One)

sault, the Ethiopian government, communicate said, and a church was leveled by fire. This attack on the town 100 miles southeast of Jijiga followed reports that the city had already been occupied by Italian advance guards—and a denial of these reports by Ethiopia.

Neutral observers at Harar, nevertheless, said that if Dagdagh Bar had not already capitulated, his fall appeared imminent. Reports to that point said the Fascists were advancing swiftly and that if they maintained their present pace, they would soon menace Jijiga and Harar—forcing the Ethiopians from their guerrilla tactics into a decisive stand.

Near Railroad
Behind Jijiga, a major Ethiopian troop concentration point, and Harar, second city of Ethiopia, runs a railroad from Addis Ababa to Djibouti. French Somaliland, the empire's only modern connection with the outside world.

On the European side of the crisis, the diplomatic tangle, called during the British general elections, ended, and informed French sources said Premier Pierre Laval was ready to resume his negotiations toward settlement of the conflict.

Before undertaking a search for peace in east Africa, however, the premier had still to settle the European tension arising from the Italo-Ethiopian warfare.

His first step in this direction, authoritative informants said, was to bring Great Britain and Italy into understanding on the Mediterranean situation. There, British men-o-war have increased in number, as have Italian troops in Libya, north African possession confronting Britain's Egyptian interests.

Markets Are Brightened by New Produce Arrivals

Markets took a new lease on life after a spell of gloom. Their counters are now brightened by new produce from the hot-house and from the hot-house.

California lead shipper, with Texas taking an honored position, are offering excellent quality grapefruit.

From California were also received persimmons, manzanilla and green shallots. These are in good quality and dealers reported. The cost is expected to come down in a few days.

Oranges come camouflaged to the hearts of housewives. The canquans are small, like an orange and taste like lemons. Lead to season fruitcake delicacies.

Hubarb of good quality also arrived from Florida and a new shipment of orange which dealers report to be, really good. Among other Florida items are green beans of good quality and reasonably priced and kale.

After several weeks of waxy, waxy grapefruit, Marion markets are offering the new produce from Arizona and Texas. The latter state sending both the pick and white variety. The Arizona is a first crop and seedless. They're reasonable in price, too dealers report.

The hot-house came through this week with new shipments of tomatoes and also good quality cucumbers.

The apple situation was reported good with Washington Jonathans, Rome Beauties and Delicious all plentiful and not priced so high that shoppers will pass them by. Lemons continued to sit rocket in price. It has been explained by dealers that a great many lemons used in the United States are shipped from Italy and that shipments are slow due to the war.

Consequently, they say, domestic lemons must be spread over a wider territory.

TOMMY WAS PAINFULLY THIN AND UNDERWEIGHT

READ WHAT HAPPENED THEN....

GOOD HEAVENS, TOMMY! WHAT OF EARTHLY? ... SOME OF THE RELAYS JUMPED ON ME AND JOE BROOKS HIT ME IN THE EYE. ... BUT WHY DON'T YOU STAND UP FOR YOURSELF, SON? ... I TRIED TO—but JOE AND ALL THE OTHER KIDS ARE SO MUCH HEAVIER I AM THAT IT'S NO GOOD. ... I DON'T WANT TO BE CRITICAL, SON, BUT—NO MAN WANTS HIS SON TO GROW UP A WEAKLING. GROW UP DO SOMETHING TO BUILD HIM UP! ... BUT FIRST YOU KNOW THE TRICK EVERYTHING! ... I TELL YOU, SON, IT'S PAINFULLY THIN AND PAINFULLY THIN AND I KNOW FIRST THINGS IT'S ALL MY FAULT. ... BUT WHY DON'T YOU TRY OVALTINE?

MOTHERS! Ovaltine is a delicious pure food concentrate first created in Switzerland and approved by thousands of physicians. Already it has gained world wide recognition—and is particularly noted for the remarkable increases in weight and nerve power which so frequently occur when it is added to the daily diet.

For example, Mrs. A. J. Carr, Burlington, Vt., writes: "One of my boys has always been thin and weak. Then I started him on Ovaltine. The first two weeks he gained 2 1/2 pounds and began to eat and sleep much better. Now he acts like a different child, and is getting along much better in school. ... I can't begin to tell you how thankful I am."

This letter, of course, covers only one individual case. And we can't claim or guarantee that similar results will occur in every case where Ovaltine is used. But this letter is so typical of thousands we have received, that we believe a thorough trial of Ovaltine is justified by every intelligent mother whose child is thin and underweight.

Thousands of nervous people, men and women, use Ovaltine to restore vitality when fatigued. ... Ovaltine is also highly recommended as a strengthening food for nursing mothers, convalescents, and the aged—and for sleeplessness when taken as a hot drink at bedtime.

Ovaltine is very inexpensive to serve—and can be obtained at all drug and grocery stores. You simply give it mixed with milk—either hot or cold—and children love its delicious taste. ... Make special offer at the time.

OHIOAN LANDS HIS PLANE IN EACH OF 48 STATES

Entire Trip Requires 24 Days; Gasoline and Oil Consumed Costs Only \$182.

By The Associated Press
WARREN, O., Nov. 13.—George R. Farmer has set up what he believes is a record for "see America first" advocates to shoot at. Farmer, a Warren private pilot, has just returned home after landing his plane in each of the 48 states. The last was Virginia.

The entire trip required 24 days, or a half day to a state, on the average, Farmer said. He placed his gasoline and oil expenses at \$182, a very economical sum, he insisted, and said total mileage was 12,152. Actual flying time was 130 hours.

Farmer used a two-passenger ship but made the journey alone. He left Warren late last June for California, landing in each of the 18 states he crossed en route. So successful was the jaunt that he decided to visit the others.

He returned to Warren, and in August covered the New England states and several of the Atlantic coast group.

Farmer recalled that probably his most thrilling experience was on this leg of the journey, when he arrived over Newark airport at night.

His ship was not equipped for night or blind flying, and he was forced to circle the field in the dark for many minutes during the landing of a gunnery. Then he set his craft down on the flood-

lighted runway of the world's busiest airport with no difficulty.

Back to Warren again, Farmer took off in September and visited the northwestern states. That placed 37 state "scrap" on his belt. In mid-October he hopped for the south and covered the remaining 11 without mishap.

With 575 flying hours now to his credit, Farmer did not wear a parachute on any of his travels. In fact, he says he never wears one. He is opposed to stunting as dangerous, insisting it adds nothing to a pilot's ability.

Just to resolve any doubts, Farmer sent postal cards from all states to his old flying instructor, Chic Haaf.

A native of Windham, Farmer is secretary to the publisher of the Warren Tribune.

MORROW CO. RELIEF TO BE ACUTE ISSUE

No Funds Available After District Aid Is Withdrawn and Bond Vote Failed.

Special to The Star

Nov. 12.—The problem of securing for approximately 300 unemployed persons in Morrow county when direct federal aid is withdrawn is a serious one. Unlike many surrounding counties there are no funds available here for the county to use and a bond issue of \$100,000 was defeated last Tuesday.

It is estimated by Hugh Paxton, Morrow and Crawford county relief director, that approximately 100 persons will be required to secure these unemployed persons food and clothing during the winter.

Of the 300 employables in the county there are now 133 at work on 11 WPA projects. Paxton said Thursday that he had no assurance that there will be any way to provide for the employables not at work after Dec. 1 but that he believes the federal relief administration will make some arrangement.

STROLLERS ON PARADE" SCORES HIT AT PALACE

Assisted by Girls' Sorority, Presents Minstrels; Show
Draws Near Capacity Crowd.

B. HALLIE HOUCK
"Take a bow!"
The "Strollers on Parade,"
at the Palace theater last
night, was one of the best per-
formances of amateur talent in
the city. The show was a dif-
ferent one from the usual
minstrel performance.
The 1500 persons saw the
show and women, all from
the well known in Marion
theater, in ages from 19 to
30, sang through their paces
in a style, singing, dancing,
and the Strollers "went to
the hills in the stage."
The show was one of the late Charles
Marion who was one of the
of the late minstrel men, and
was assisted by attractive young
girls of the Alpha chapter of the
Strollers, the young
girls gave an hour's perform-
ance of which any amateur group
might be proud.
Every one in the show is to be
commended from the two premier
men in their green satin suits
with red satin vests and lapels,
to the chorus men in their black
satin tuxedos.
L. E. Michel Directed
Louis E. Michel of Bellefontaine
formerly with the Little
Theater of Wheeling, W. Va., di-
rected the show, assisted by Miss
Danner and Mrs. Henry R.
Danner.

song in perfect accord with his
dress suit.
Following a rendition of "I
Wished on the Moon," by Paul
Rosette, "The Radio Jesters," en-
tertained with "Rise and Shine,"
and William Zechman sang "Footloose
and Fancy Free," the girls joining
in to do "Rhythm and Romance."
James Rinsmith and Robert
Sweeney contributed "Salted" and
"Accent on Youth," after which
Rea added his bit with a solo,
"Devil in the Moon." "I'm in the
Mood for Love" and "You Are My
Lucky Star," sung by Rosella
Fletcher and Margaret Solinger,
and "Dinah," a song and dance
number by Braham, preceded the
finale.
The chorus closed the show with
"Trackin'," accompanying the song
with an interpretation of the
dance, and the grand finale, "Foot-
ball Hero," sung by the entire com-
pany. Paul Wheeler's orchestra,
on the stage, added to the general
effectiveness of the entire perform-
ance.
Sam Braham, Jack Danner,
Claude Fields, Walter Haberman,
James Rinsmith and Fred Warner
were the end men. In the chorus
were Margaret Coudler, Helen Fer-
guson, Rosella Fletcher, Susan
Haberman, Margaret Hawkins, Vir-
ginia Hawkins, Glenda Porter, Mar-
garet Solinger, June Taylor, Vir-
ginia Tracht, Charmie Lee Webster,
Ruth Williams, Merle Baumgartner,
John Canterbury, Jack Lauten-
singer, Guy Lewis, Robert Mc-
Namara, Gerald Maynard, Toy
Paul, Paul Rosette, Robert Sweeney,
John Uncapher, Richard Walker
and William Zechman.
The entire theater program was
excellent. Edmund Lowe and Ann
Southern appeared in the comedy-
drama feature picture, "Grand
Exit," in which Lowe did a con-
spicuous bit of tracing down an
arson fiend. A short presenting
the Presidents since McKinley, and
a news reel completed the bill.
